

# Career Launch

COMPUTING  
CATALYST

**Career Launch is a three-week project-based program that provides résumé experience through a personal project and mentoring.**

- ➔ Work on a project using any area of technology on a topic of your choice.
- ➔ Learn from and interact with industry mentors.
- ➔ Increase your chances of obtaining an internship.

## WHO WE ARE

The University of Maryland Computing Catalyst offers opportunities for mentoring, experiential learning, conferences, K-12 outreach and more.

*First- and second-year students in all majors are welcome to apply.  
Best consideration deadline: September 19, 2025.*
