

Are you creative, an independent thinker, and interested in gardens for kids?

Attend Children's Garden Consultants
for youth ages 00-00

Become an expert in children's gardens! Visit children's gardens, take virtual garden tours of America's most popular children's gardens, and speak with professionals. Then form your *own* opinions about what you see! Share your opinions and make recommendations to adults who will be taking your consulting advice *very* seriously.

Whether interested in business, elementary education or gardening, this program is right for you!

We need YOU!
