WHY EAT LOCAL?

produce.

Eating local supports our community and keeps our dollars circulating in the area we call home. Placing cash in the hands of a farmer allows money to directly reach the people producing our food. Those same hands are tending soil, planting seeds, and harvesting

season long.

Let's help ensure farms are here to stay by supporting the ones who nourish us. Ask your favorite restaurant or market to carry local farm products. Point them to the Herkimer County Farm to Table Directory, a listing of the producers on the map and more at <https://www.herkimerfarmtotable.org/>
