HERKIMER COUNTY
LOCAL FOODS MAP

2026 HERKIMER COUNTY
LOCAL FOODS MAP

We'd like to extend our gratitude to the farmers, producers and growers of Herkimer County for their cooperation in developing this map, as well as for their dedication in providing local foods to our county. CCE Herkimer County has made every effort to ensure the accuracy of this map. Inclusion in this guide does not imply a recommendation or endorsement. Omissions are not intended.

Funding for this map was provided in part through a grant from the Herkimer County Mental Health Office through the Farm Family Assistance Project.

For updates and an interactive online version of this map, visit <http://bit.ly/CCEHerkCoLocalFoodMap>
To see more details about the farms as well as find farms that produce non-food items, visit <https://bit.ly/CultivateHerkLFM>

Find us, the farmers' markets and many of the farms on social media!

Dolgeville Farmers Market

Wild Mountain Apiaries

Let's help ensure farms are here to stay by supporting the ones who nourish us. Ask your favorite restaurant or market to carry local farm products. Point them to the Herkimer County Farm to Table Directory, a listing of the producers on the map and more at <https://bit.ly/HCFarm2Table>

Supporting local gives us the opportunity to foster personal connections with our farmers, growers, and artisans. We say hello when we pass them while running errands. They let us know when they are going to have more of the produce we love at the farmers' market or at their farm stand. We get to know each other, which leads to caring about each other, which leads to helping each other. Some of our farms offer Community Supported Agriculture (CSA) shares that guarantee fresh food all season long.

Eating local supports our community and keeps our dollars circulating in the area we call home. Placing cash in the hands of a farmer allows money to directly reach the people producing our food. Those same hands are tending soil, planting seeds, and harvesting produce.

WHY EAT LOCAL?

The Herkimer County Agricultural Council and Cornell Cooperative Extension Herkimer County launched **CultivateHerkimer.org**, an online platform dedicated to serving Herkimer County's farm community by promoting local food and agricultural products. With a mission to support our local economy and foster a stronger connection between consumers and the agricultural community, Cultivate Herkimer serves as a comprehensive directory, resource hub, and event calendar for all things related to local agriculture.

In addition to the Cultivate Herkimer website, the Cornell Cooperative Extension Herkimer County website (cce.cornell.edu/herkimer) is a great resource for local foods and what to do with your bounty. There you can find resources on Farmers' Markets, Food Preservation Resources, Food Safety, Wild Game Resources, the Veggie Van schedule and more!

Veggie Van

MAP #	PRODUCER	PHONE/E-MAIL (PLEASE CALL FIRST)	SPECIALIZING IN:	MAP #	PRODUCER	PHONE/E-MAIL (PLEASE CALL FIRST)	SPECIALIZING IN:
