Explore the critical strategic issues facing global
E&C industries & help impact the future.

Friday, March 13, 2015

“Natural Gas Liquids in the North American Oil & Gas Business after the Crude Collapse”

Featuring

Jason Brunsell

Director of Commercial Development – Natural Gas Liquids, EnLink Midstream

Natural Gas Liquids are a small but valuable part of the production of oil & gas wells. The value of these products can have a serious impact on the economics of wells in oil & gas production plays. The role of these products in the market and the expected impact on future exploration and production will be discussed.
