## “FLNG Liquefaction Technology: Considerations Influencing LNG Technology Selection”

Featuring

**Martin Rosetta**

*Vice President of Technology, Braemar Engineering*

This presentation will provide a high level overview of the characteristics of LNG and the factors influencing FLNG technology selection including quantity and quality of source gas, compositional variations, heavy hydrocarbon removal options, types of storage, marinization, space requirements, and process efficiency. A quantitative and qualitative comparison, using key criteria for technology selection, will be evaluated.
