• All timesheets default to three activity lines per day but will automatically add rows as time is entered, up to a max of 15 lines per day.

• Descriptions: There will be text boxes for you to explain activities in greater detail.

• Service Site: This will pre-populate based on your service site.
Enter Time

• Categories: Select one – OnCorps breaks time into three main categories – Service, Training (20% cap), Fundraising (10% cap)

• Sub-Categories:
  • Service: Admin for RARE, Admin for Host Site, Projects
  • Training: RARE Sponsored Training, Host Site Training, Other Professional Development
  • Fundraising: Grantwriting, Other Fundraising
Projects

• Based off your workplan. Please include project names for each in the comments section of your timesheet.

• Example:
  • Project A: Econ Dev - EDC, BCC, Chamber and Showcase
  • Project B: Broadband
  • Project C: ROI - VenetaWorks, Small Business Assistance and SBAC Improvements
  • Project D: Pop-up Feasibility
  • Project E: By Design
  • Project F: Business Recruitment
  • Project G: Zombie Buildings
  • Project H: Business Assistance
  • Project I: Buy Local
Notes

• Travel time: please track and account for this under the project it supports.
  • Exception is travel for RARE-sponsored training – count this under RARE Admin.

• Countable hours for each training will be outlined on the associated agenda.
  • Meals during trainings are primarily social and should not be counted towards training hours.

• Do not count time spent on research or project development towards fundraising hours. Instead, count those hours towards the project category the grant is tied to.
For Example

• Input training hours for Wednesday, September 7
• 8:30 – 11:30 am RARE Sponsored Training
• 12:30 – 5:30 pm RARE Sponsored Training
• Save!
Other Considerations

• Only record time spent serving

• Federal holidays and weekend: RARE AmeriCorps Members may serve on Federal Holidays and weekends if the service aligns with their work plan.

• Vacation and sick leave: Because RARE AmeriCorps members commit to a certain number of hours of service, they do not accrue any leave.
  • Vacations should be discussed with supervisor to ensure that scheduled vacations do not interfere with critical days for projects. RARE AmeriCorps members can take vacations days as long as they are still able to complete their 1,700 hours within eleven months.

• It is prohibited to count hours while consuming alcohol or cannabis.
Simple Steps for a Perfect Timesheet

• Member inputs hours under applicable categories, rounding to the nearest quarter hour. Be sure to put details on activities in the description section. **Member should input hours served on a daily basis, saving often.**

• Member submits timesheet by **5th of month**. Timesheet is now locked, hours are “pending”.

• Supervisor(s) is notified by email and in OnCorps that timesheets require their attention.

• Supervisor(s) approves or rejects w/comments by the 10th of each month. Approved timesheets are locked, rejected timesheets are unlocked for revisions.

• If rejected, member is notified. Member fixes, re-submits revised timesheet.

• Once approved, hours are logged as APPROVED HOURS.

Concur – UO Travel

• Concur is a web-based system the UO uses for all travel business.
• Members will use this system only for RARE sponsored travel, mostly trainings.
• Members will be required to submit pre-trip “requests” for each trip. We will provide you with a template for these requests that you will customize and then submit for approval.
• After you complete your travel you will turn your request into a post-trip “expense report”. Please contact us BEFORE you submit your expense report. We will review it for accuracy before you submit it.
• Once your expense report is submitted it will go through an extensive approval process. Assuming there are no issues along that approval path, you can expect to receive payment within 7-10 working days.
