Acknowledgement

Ministry of Education and Sports would like to express our deepest gratitude to all concerned within and outside education sector, from government and private sectors, from central to grassroots levels, international development partners and donors, for their excellent collaboration and valuable contribution of ideas, lessons and experiences to make this National Policy, Strategy and Plan of Action of Inclusive Education comprehensive and relevant to the context of Lao PDR.

Ministry of Education and Sports extends our special thanks to UNICEF Lao PDR and UNESCO Bangkok for their technical and financial assistance for the development, printing, dissemination and translating the National Policy, Strategy and Plan of Action of Inclusive Education into provincial and district plans of action. The above mentioned support is not only valuable for the development of the policy and strategy itself, but also contributed significantly to the capacity development of personnel within education sector as well as personnel from other concerned sectors.

Ministry of Education and Sports recognises that without assistance and collaboration from all concerned sectors, it would be hard for us to achieve the goals set in this document. Therefore, we would like to encourage all concerned to disseminate, and translate the plan into actions and implement them successfully.

Ministry of Education and Sports welcomes all constructive feedbacks and looks forward to receiving collaboration from all concerned to help us in the improvement and the development of education policies and strategies in the future.

Minister of Education and Sports

Dr.Phankham VIPHAVANH
