COURSE DESCRIPTION

This course will introduce you to some of the major issues that policymakers and planners contend with and the economic tools and analytical frameworks that researchers and policy analysts utilize to evaluate policy solutions to inform decision making. The primary focus of this class will be the analyses of U.S. public policies, including topics on housing, drug legalization, environmental pollution, health, poverty, and wellbeing.

STUDENT LEARNING OUTCOMES

At the end of this course, students are expected to:
1. Understand core concepts and frameworks in policy analysis.
2. Demonstrate competence in applying analytical tools to assess various public policies from the perspective of economic efficiency and distributional outcomes.
3. Discuss and engage others in a meaningful dialogue about policy solutions.

CLASSROOM AND ACADEMIC POLICIES

Course Website
The syllabus, reading materials, assignments and announcements will be posted on the University of Oregon’s Canvas website (https://canvas.uoregon.edu). Please check the course website frequently as these materials may be updated in the future.

Classroom Policies
The following policies are designed to help ensure that all participants benefit fully from the class:

- **Work environment**: To help create a classroom in which students feel safe and comfortable enough to express their thoughts, please be open-minded and respectful of other peoples, ideas, opinions, and worldviews.
- **Courtesy**: All participants in the class should treat each other with the professional courtesy and respect expected in a workplace. All forms of communications should reflect professional standards in tone, presentation, formatting, and spelling.
• **Electronic devices:** Please do not use laptops, mobile phones or unauthorized electronic devices in class unless you are using them for class-related activities (e.g. taking notes).

• **Email:** I will aim to respond to your emails within 48 hours during workdays. Please review Canvas and course syllabus prior to asking questions about the class.

**Academic Misconduct**

Academic misconduct is prohibited and includes, but is not limited to, **tampering with grades, resubmitting the same assignment/work for more than one class, cheating, plagiarism, fabrication, giving or receiving unauthorized help, and furnishing false information.** Please review the Dean of Student’s website for the complete definition of academic misconduct. You are responsible for ensuring that your actions do not constitute academic misconduct. If there is any question about whether an act constitutes academic misconduct, it is your obligation to clarify the question with the instructor before committing or attempting to commit the act.

**Violations of Course Policies**

Students who fail to adhere to the guidelines described in this section will receive an “F” grade for the course and may be subject to additional penalties from the School or the University.

**Writing Lab**

If you would like to improve your writing skills, please take advantage of the free services provided by the Writing Lab of the Tutoring and Academic Engagement Center.

**Accessibility and Disability**

Students with documented accessibility or disability needs should see the course instructor as soon as possible. They should also request a verification letter from the Counselor for Students with Disabilities.

**Workplace Harassment Prevention**

The UO is committed to providing an environment free of all forms of prohibited discrimination and sexual harassment and abuse, including sexual assault, domestic and dating violence and gender-based stalking. UO employees have a duty to report such actions or behaviors to their supervisor or the Office of Affirmative Action and Equal Opportunity. The University Health Center and University Counseling and Testing Center can assist and work confidentially with students.

**Inclusion Statement**

The College of Design is a community that values inclusion. We are committed to equal opportunities for all faculty, staff, and students to develop individually, professionally, and academically regardless of ethnicity, heritage, gender, sexual orientation, ability, socio-economic standing, cultural beliefs and traditions. We are dedicated to an environment that is inclusive and fosters awareness, understanding, and respect for diversity. If you feel excluded or threatened, please contact your instructor and/or department head. The university Bias Education and Response Team is another resource that can assist you.

**GRADING AND ASSIGNMENTS**

**Policies Related to Assignments**

• **Electronic Submission:** All assignments including the three exams must be submitted through Canvas.
• **Late Assignment Policy:** The deadline for all assignments cannot be extended. Exceptions will be made only under university-approved conditions (e.g. documented serious illness, family emergency or religious obligation).

• **Early/late exams:** Arrangements for early or late exams can only be allowed under university-approved conditions (e.g. documented serious illness, family emergency or religious obligation).

• **Extra Credit Assignments:** There are no extra credit assignments in this class.

• **Independent Work:** All assignments in this class are open-book, open-notes. Although you are encouraged to discuss what you are learning in class with other students and participate in study groups, you **must complete all assignments by yourself.** Working with other students to complete any assignment is considered academic misconduct.

• **Generative Artificial Intelligence (GenAI):** To achieve course learning outcomes, you are required to work and complete all assignments by yourself. **Do not use GenAI websites/tools such as ChatGPT in completing assignments in this class as doing so will constitute academic misconduct.** You will receive an “F” grade if you engage in academic misconduct.

**Grading Scale**
You are expected to receive rigorous, challenging education at this university. Hence, **please do all the required readings, attend all class meetings, turn in all assignments, and utilize office hours.** I will also strive to grade your work in a fair manner. The grading scale is displayed below. However, your grades may be adjusted upwards to ensure consistency with the average performance of students in previous classes if necessary.

<table>

**Assignments**
• **Attendance (10% of final grade):** You are expected to attend all class meetings. To record attendance, you will be asked to use an iClicker in class (please follow the instructions on Canvas
to register your iClicker). Your presence in class will help you better understand the reading materials and prepare you well for the exams. To make room for emergencies, you are automatically excused if you miss class up to 3 times. Any missed class beyond this ceiling will be penalized unless you can show evidence of a university-approved reason for your absence. NB: Submitting an iClicker response for another student is academic misconduct.

- **8 Reading Quizzes (20 percent of final grade):** There will be eight reading quizzes on Canvas. The quizzes are designed to help you engage with the assigned reading materials before each class. To make room for emergencies, only your top 6 quiz scores will count towards your grade because your 2 lowest quiz scores will be dropped. **If you submit a quiz after the due date and time, you will lose 25% of the maximum score per day (a “day” is any time within the following 24-hour period).**

- **3 Exams (70% of final grade):** There are two mid-term exams and one comprehensive final exam. Choose any location of your choice to take the exam on Canvas. The instructor will be available by email and on Zoom for questions.

**COURSE SCHEDULE**

Reading materials are available on the course Canvas website under Modules. To benefit fully from the lectures, please do all the assigned readings before each class.

**Week #1**

**Sept. 27: Course Overview & Introduction to Policy Analysis**

**Week #2**

**Oct. 2 & 4: Economics Review – Demand, Supply, and Price Elasticities**

**Week #3**

**Oct. 9: Price Ceilings and Floors**

**Oct. 11: Housing and Drug Policies**

**Week #4**

*Oct. 16: EXAM 1, 4–5:30pm (on Canvas, any location of your choice)*

Oct. 18: Externalities and the Environment

**Week #5**

*Oct. 23: Externalities and the Environment (cont.)

Oct. 25: Information Problems
- Risk and Uncertainty
- Applications to Insurance

**Week #6**

*Oct. 30: Information Problems (cont.)*

Nov. 1: U.S. Health Insurance and Reform
Kaiser Family Foundation, *Focus on Health Reform: Summary of the Affordable Care Act*, (April 25, 2013, Publication #8061 to 02) (http://kff.org/health to reform/fact to sheet/summary to of to the to affordable to care to act/).

**Week #7**

**Nov. 6: Public Goods**

**Nov. 8: EXAM 2, 4–5:30pm (on Canvas, any location of your choice)**

**Week #8**

**Nov. 13: Taxation – Efficiency, Equity and Incidence**

**Nov. 15: Inequality and Well-being**

**Week #9**

**Nov. 20: Inequality and Well-being (cont.)**

**Nov. 22: Poverty and Redistributive Policy**
- Schiller, B., *The Economics of Poverty and Discrimination* (Pearson, 2008), Chapter 3 ‘Counting the Poor’.

**Week #10**

**Nov. 27: Poverty and Redistributive Policy (cont.)**

**Nov. 29: Cost Benefit Analysis and Applications**

**Finals Week**

*Dec. 5: FINAL EXAM, 2:45-4:45pm (on Canvas, any location of your choice)*
