Overview
Internships offer students an opportunity to gain hands-on experience in a workplace setting, network with professionals, and explore and clarify career interests. Internships are optional for PPPM students, but strongly encouraged as a way to prepare for professional jobs, fellowships, or further academic study. The PPPM Internship Program offers students the option of integrating theory and practice through academic (credit) or noncredit internships. This course focuses on strategies and tools for planning a successful internship and is the prerequisite for PPPM 404 Internship and Internship Nonprofit.

Course Goal and Learning Objectives
The goal of the course is to equip students with the skills to secure a career-related internship. Student learning objectives for the course include:

- Write a professional résumé, cover letter, and thank you e-mail.
- Demonstrate interviewing and networking skills by communicating orally in a clear and effective manner.
- Write clearly and concisely to communicate with a professional audience.
- Identify at least three strategies/next steps to gain career-related skills and knowledge, including at least two internship options.

Two key themes will be emphasized throughout the course: professionalism and effective communication. Internships require students to interact in intergenerational and professional environments. This course will cover many levels of professionalism, from the importance of an error-free résumé to understanding office norms. The second theme involves written and verbal communication skills. Students will draft several documents, make multiple revisions, and give constructive feedback in the form of peer reviews. Learning how to critique effectively is a skill that will serve students beyond the end of this course. Professionalism and effective communication skills are essential in creating successful internships and developing rewarding careers.
Course Website
The website is located on the UO Canvas system (https://canvas.uoregon.edu). The course syllabus, readings, assignments, announcements, and other materials will be posted on the Canvas site. Please check frequently for updates and ensure that the UO Office of the Registrar has your correct email address. I will communicate with you via Canvas using course announcements and conversations. I recommend that you set your notification preferences for announcements and conversations to “ASAP” or “daily” so you do not miss important course information.

E-mail
My goal is to respond to your e-mail within 48 hours of receiving it; I do not receive e-mail when I am out of the office (weekends, Wednesdays, and most Fridays). Please make sure you have reviewed the Canvas site and the syllabus prior to sending a note about course logistics.

Required Readings
Required readings are posted in weekly modules on the class Canvas site (https://canvas.uoregon.edu). Students are to complete the assigned readings prior to attending class each week. There are no required textbooks for this class.

Course Evaluation—Pass/No Pass
Students will be evaluated on attendance, the written assignments outlined below, and participation during the final exam. To receive a “pass” for the course, students must satisfactorily complete all assignments by the due dates. Failure to complete all assignments will result in a “no pass” or an “incomplete” for the course. In accordance with UO regulations, an incomplete will only be given when “the quality of work is satisfactory but a minor yet essential requirement of the course has not been completed for reasons acceptable to the instructor.”

Course Requirements & Assessment
This is a pass/no pass course. Your grade will be based on the following:

1. Attendance and participation, including in-class work and weekly assignments (33%).
2. Résumé and Cover Letter: midterm draft (33%) and final revised (14%) by due dates.
3. Final exam: interviewing skills, mock interview activity (20%)

Attendance and Participation
This course cannot be effectively taught online; the in-class work requires in-person interaction among students and the instructor. Regular attendance (no more than two absences) is required to ensure students will achieve the objectives of the course. Students with more than two absences will receive a “no pass” for the course grade. If students miss a class, they are expected to contact a classmate via Canvas for notes; instructor lecture notes are not available. Participation includes contributing to discussions and completing weekly assignments, in-class work, and activities (see “Schedule of Topics” section for more information).

Résumé and Cover Letter – Midterm Draft and Final Revised
Students will draft and submit a midterm résumé and cover letter after accessing Canvas resources and instruction and incorporating peer review feedback. The midterm résumé and cover letter are due at the start of class on Tuesday, February 19 as printed paper copies.

Students will revise their résumé and cover letter using the instructor’s midterm feedback and edits. The final revised résumé and cover letter are due no later than Monday, March 11 (upload to Canvas). The midterm and final documents should reflect a professional tone and presentation.

Final Exam – Interviewing Skills
All students must attend the assigned final exam time (Thursday, March 21, 12:30pm-2:30pm) and participate in the mock interview activity. In a group setting, students will demonstrate interview skills by verbally responding to questions and providing feedback to their classmates. Students must arrive on time, attend the final exam, and participate in the mock interview activity to receive a passing grade in the course. Students who do not attend and participate in the final exam will receive a “no pass” as their final grade. It is not possible to make up the final exam.
Schedule of Topics

Assignments and readings will be grouped in weekly modules and available on the Canvas site at least two weeks prior to each class. Students are expected to review the weekly Canvas module and complete the readings and assigned tasks prior to coming to class. Weekly assignments may be exchanged for peer-review, discussed during class, and/or reviewed by the instructor. All assignments are designed as stepping stones for subsequent assignments and the final exam, and they must be completed and submitted on time and as instructed (e.g., hand in hard copy, upload document, complete online quiz). Assignments completed or submitted on Canvas are due on Mondays, and hard copy (paper) assignments are due in class. Assignment instructions and submission guidelines are detailed on the Canvas site.

Professional Practice & Student Expectations

This course focuses on professional development and practices. As such, students are expected to treat each other and the instructor with the professional courtesy and respect expected in the workplace.

- Students should bring an open mind and welcoming attitude to create a classroom environment that respects the diversity of career interests. Since there will be significant peer review, it’s important to keep feedback constructive and avoid comments that are personal in nature.
- Electronic devices must be turned off prior to the start of class. Students using electronic devices during class will be asked to leave for the remainder of the session. If you are
expecting an urgent call or other communication, you may discuss this with the instructor prior to the start of class.

- Class will begin promptly at 1:00pm. All students are expected to arrive on time, stay until the end of the class period, and refrain from leaving the room temporarily to minimize disruptions.
- All communications relating to this course and all work turned in for this course should reflect professional standards in tone, presentation, formatting, and spelling.
