

LE NGOC TUAN (Bi), PhD.

Lecturer and Researcher

School of Environment – University of Science

VIETNAM National University – Ho Chi Minh City (VNU-HCMC)

E-mail: ln Tuan@hcmus.edu.vn

Area of Research/Teaching

- *Training University and Master’s Degree in Environmental management.*

- *Studying on:*

- ***Solid waste management:*** municipal, industrial, and hazardous waste
- ***Surface water quality:*** pollution, total load, saltwater intrusion, etc.
- ***Climate change:*** exposure, sensitivity, adaptive capacity, vulnerability, mitigation and adaption measures.
- ***Communication:*** environmental protection, climate change response, etc.
- ***Sludge pretreatment by sonication***
- ***Others:*** natural resources, rural fresh water and sanitation, inundation, etc.

Biography

○ Educational History:

Degree	Dates of Study	Institution
Bachelor of science (Environmental Management)	2000 - 2004	University of Science (VNU-HCMC)
Master of science (Environmental Management)	2005 - 2008	University of Science (VNU-HCMC)
PhD (Engineering and Environment)	2010 - 2013	Institut National Polytechnique de Toulouse (INPT, France)

- **Professional Memberships:** Institute of Meteorology Hydrology Oceanology and Environment

○ Professional Awards and Honors:

- Ho Chi Minh City’s Typical Young Lecturer Award 2008, 2009, 2010, 2015, 2016
- Certificate for the excellent paper (5th International Conference on Environmental and Computer Science. Phuket, Thailand - September 1-2, 2012)

○ Publications:

Being a manager for 18 scientific projects, there are about 40 publications as well as 35 reports at scientific conferences as follows:
