SACNAS: Mapping Our Roots

We want to create a map for our SACNAS website in which we pin the hometown and/or country from which our members are from. This is a great way to learn about everyone's origins and possibly help create connections to people from your same state, city or even country.

Call for SACNAS merchandise designs!

Designs for t-shirts, jackets, caps and stickers are welcomed! Winning designs will be printed on merchandise and will win a cash prize and/or gift card! Submission of designs to sacnas@dartmouth.edu

Invited Speaker: Dr. Chantell Evans from Duke University

Call for lunch attendees!

March 28

Chantell is a new PI at Duke, that was recently awarded the Science Diversity Leadership Award from the Chan Zuckerberg Initiative. Chantell's lab focuses extensively on mitochondrial quality control mechanisms in the context of neuronal homeostasis and neurodegenerative diseases. Email sacnas@dartmouth.edu if you're interested in joining for lunch.
