

# SAB Co-Op/Internship Showcase: Exploring ChemE Roles in Non-technical Spaces

By: Jasmin Lopez

# Serve Learn Sustain

## What?

A GT program that seeks to provide their local partners with support and resources, while providing students with practical experience in supporting solutions for sustainable communities.

## Why?

It's an opportunity for students looking to gain real-world experience related to sustainability and community engagement.

## How?

Have over 2.0 GPA & be able to attend a group seminar that meets one evening every other week for two hours.

# Congressional Hispanic Caucus Institute

## What?

CHCI program is for Latino undergraduate students interested in working in a congressional office, During that time you get the chance to participate in weekly professional and leadership development while promoting civic engagement through community service projects. There are similar programs offered for other POC communities such as the Congressional Black Caucus Institute and the Congressional Asian Pacific American Caucus

## Why?

You learn firsthand how the legislative system works. Additionally, get to connect with a network of people involved on Capitol Hill, Fortune 500 companies, NGOs, nonprofits, and other organizations to get a better understanding of the potential non traditional career paths you can undertake down the line.

## How?

Have over a 3.0 GPA and apply online.
