

Curriculum Vitae

SHERRY TURKLE

Abby Rockefeller Mauzé Professor of the Social Studies of Science and Technology

Homepage: <http://web.mit.edu/sturkle/www>

Program in Science, Technology, and Society
Massachusetts Institute of Technology
E51-185B
Cambridge, MA 02139

Tel: (617) 253-4068
Email: sturkle@media.mit.edu

Education

- | | |
|------|--|
| 1976 | <i>Harvard University</i>
Ph.D., Sociology and Personality Psychology
Dissertation: "Psychoanalysis and Society: The Emergence of French Freud" |
| 1973 | M.A., Sociology |
| 1971 | <i>University of Chicago</i>
Committee on Social Thought |
| 1970 | <i>Radcliffe College</i>
A.B., Social Studies, summa cum laude |
| 1969 | <i>Institut d'Etudes Politiques, Paris</i>
Certificat d'Etudes Politiques |

Academic Appointments

- | | |
|--------------|---|
| 2001 | <i>Massachusetts Institute of Technology</i>
Founding Director, Initiative on Technology and Self |
| 1999-present | Abby Rockefeller Mauzé Professor of the Social Studies of Science and Technology |
| 1991-present | Professor of the Sociology of Science and Technology |
| 1980-1991 | Associate Professor of Sociology |
| 1976-2003 | Member, Laboratory for Computer Science |

1976-1980	Assistant Professor of Sociology
1975-1976	Research Fellow in Sociology
1971-1973	<i>Harvard University</i> Tutor and Teaching Fellow, Social Studies, Psychology, Social Relations, Sociology

Clinical Affiliations

1997 -1998	Harvard University Health Services, Department of Mental Health Consultant in Psychology
1987- present	Boston Psychoanalytic Society and Institute Graduate and Affiliate Member
1978- present	Commonwealth of Massachusetts Licensed Clinical Psychologist
1974-1975	Harvard University Health Services Psychology Intern
1971-1973	Cambridge Hospital, Harvard University Psychology Intern

Awards and Fellowships

2021	Received National Jewish Book Award (memoir) and New England Society Book Award (contemporary nonfiction) for <i>The Empathy Diaries: A Memoir.</i> It also was named a New York Times Critics' Best Book of 2021 and a New York Times Book Review Editors' Choice.
2018	Named one of "America's Top 50 Women in Tech" by Forbes
2018	Named Charles M. and Martha Hitchcock Lecturer, University of California, Berkeley
2017	Received Everett M. Rogers Award from the University of Southern California Annenberg School for Communication and Journalism
2016	Received Kohl Education Prize (Dolores Kohl Education Foundation, Highland Park, Illinois)
2016	Received honorary degree of Doctor of Laws from Concordia University (Montreal, Canada)
2016	Won 6 th Annual Zócalo Book Prize for "Reclaiming Conversation: The Power of Talk in a Digital Age." Awarded by Zócalo Public Square (Arizona State University) for nonfiction that best enhances understanding of community, human connectedness, and social cohesion.

2015	Received Samuel I. Hayakawa Book Prize for <i>Alone Together: Why We Expect More from Technology and Less from Each Other</i> (presented by the Institute of General Semantics)
2015	Received honorary degree of Doctor of Science from Franklin and Marshall College (Lancaster, PA)
2015	World Economic Forum Fellow, Davos, Switzerland
2014	American Academy of Arts and Sciences Fellow
2014	Named one of Boston's top "visionaries, idealists, and thinkers" by <i>Boston Magazine</i> , as part of their profile of "the power of ideas."
2013	Awarded the Centennial Medal from Harvard University's Graduate School of Arts and Sciences
2013	Named a "Literary Light" by the Associates of the Boston Public Library (Boston, MA)
2012	Received The Walter Ong Award for "exemplary and groundbreaking scholarship" from The Media Ecology Association
2012	Received honorary degree of Doctor of Science from The College of the Holy Cross (Worcester, MA)
2002	World Economic Forum Fellow
2002	Named one of the Top Ten Wired Women by ABC News.com
2000	Named one of <i>Time Magazine's</i> Innovators of the Internet
1999	Danz Professorship, University of Washington at Seattle
1998	Named one of Boston's Top Wired Women by Boston Webgirls
1997	Named one of top 50 Cyber Elite by <i>Time Digital Magazine</i>
1997	Selected Member of "Computer 200", an exhibit of the leaders of the computer industry. Exhibited at the Association of Computing Machinery's 50th Anniversary meeting and exhibited and archived at the Boston Computer Museum.
1997	"Seeing Through Computers" selected as one of Top 20 Articles of the year by the American Library Association's Library Instruction Round Table.
1997	World Economic Forum Fellow
1995	Selected Member of "50 for the Future: the Most Influential People to Watch in Cyberspace," <i>Newsweek Magazine</i>
1992	American Association for the Advancement of Science Fellow
1990	Claremont University Center and Graduate School, Honorary Doctor of Letters Degree and President's Medal

1985	Selected Member of <i>Esquire</i> Register "America's New Leadership Class," <i>Esquire Magazine</i>
1985	Melcher Book Award for <i>The Second Self</i> , Cambridge Forum
1985	Matrix Award, Association for Women in Communications
1984	Selected "Woman of the Year," <i>Ms. Magazine</i>
1981	Guggenheim Fellowship
1980	Rockefeller Humanities Fellowship
1977	Mellon Fellowship, Aspen Institute for Humanistic Studies
1975	Peter Livingstone Award for Research in the Behavioral Sciences and Psychiatry, Harvard University
1974	Dissertation Award, C. Douglas Dillon Chair of French Civilization, Harvard University
1970	Danforth Graduate Fellowship
1969	Phi Beta Kappa, Radcliffe College

***Academic Committees/
Massachusetts Institute of Technology (Partial Listing)***

1997-2000	Committee on Privacy
1990-present	Communications Forum
1990-1992	Committee for the Future of Educational Computing
1990-1992	Academic Computing Committee, School of Humanities and Social Sciences
1989-1990	Committee on Academic Computation for the 1990's and Beyond
1985-present	Women Studies Steering Committee
1984-1988	Project Athena Study Group Principal Investigator, "Educational Impact of Project Athena"
1979	Chair, Ad hoc Faculty Committee on Student Advising
1978-1979	"Nightline" Peer Counseling Faculty Advisory Group
1978-1979	Chair, Faculty Committee on the Student Environment
1976-1977	Division for Study and Research in Education

Co-Director, Lilly Postdoctoral Teaching Fellowship

Other Professional Activities (partial listing)

2023-	Mothers Against Media Addiction Founding advisor
2023-	Sustainable Media Foundation Founding advisor
2023-	American Academy of Arts and Sciences Humanities, Arts, and Culture advisory committee
2019-2023	Harvard College Visiting Committee
2018-	Harvard Magazine Incorporator
2017-	Fairplay (formerly Campaign for a Commercial-Free Childhood) Advisory Board
2017-2025	EPIC (Electronic Privacy Information Center) Board of Directors
2016-	Common Sense Media Advisory Board
2016-2025	Boston Children's Museum Advisory Board
2015-	Society for Responsible Robotics Executive Board
2015	World Economic Forum Steering Committee ("New Media and its Impact on the Individual and Society")
2014-present	<i>Technographies</i> Advisory Board (University of Cambridge series exploring interactions of technology and writing, to be published in open-access form by Open Humanities Press.)
2013	Participated in an audiovisual piece that became part of the permanent exhibit inaugurating the new headquarters of the Mobile World Capital - Barcelona (Spain).
2012-present	Sgrouples Advisory Board
2012-present	Citizen Schools National Science and Technology Advisory Committee
2011-present	Electronic Privacy Information Center (EPIC)

	Advisory Board
2009-present	<i>Philosophy and Technology</i> Advisory Scientific Board
2007-2012	<i>Bulletin of Science, Technology & Society</i> Editorial Board
2007-present	<i>The Public Eye</i> Editorial Board
2001-2004	Social Science Research Council Advisory Board on Culture, Creativity, and Information Technology
2000-present	The International Academy of Digital Arts and Sciences
2000-2004	MacArthur Foundation Committee on Information Technology
1999-2004	Oxygen/Markle Pulse Advisory Board
1999	Harvard Business School Global Leadership Initiative Thought Leader Forum
1999-2007	Harvard College Visiting Committee on Information Technology
1998-2003	AAUW Educational Foundation Co-chair of Commission on Technology, Gender, and Teacher Education
1997-2001	Ernst & Young Center for Business Innovation Visiting Fellow
1997	The Aspen Institute Communications and Society Program Roundtable on Democracy in the Digital Age
1996-present	Ross School and Ross Institute Mentor
1995-2018	Massachusetts Women's Forum
1995-present	<i>Harvard Magazine</i> Board of Directors
1994	Advanced Research Projects Agency ARPA Workshop on Multi-User Domains and Schools
1994	Aspen Institute Roundtable on Information Technology
1994-2022	<i>Science, Technology, and Human Values</i> Editorial Advisory Board

1991-1992	Alfred P. Sloan Foundation Strategic Planning Committee for Technology-Based Education Outside Schools
1987-2000	Computer Professionals for Social Responsibility Advisory Board
1986-1988	United States Congress Office of Technology Assessment Advisory Panel for Study of Educational Technology Kurzweil Foundation Board of Advisors for Exhibition, "The Age of Intelligent Machines" National Academy of Arts and Sciences Planning Group for <i>Daedalus</i> "Artificial Intelligence" Smithsonian Institution Consultant for Exhibition "The Information Revolution" Office of Technology Assessment Advisory Panel for Study of Intellectual Property Rights Social Science Research Council Organizer of Research Group "Social Studies of Computational Environments" United States Congress House of Representatives Committee on Science and Technology Testimony on Computers and Education
1985	WNET, New York Advisory Committee for Programming on Computers and Society
1984-1995	<i>Harvard Magazine</i> Board of Incorporators
1984-1986	<i>Computers and the Social Sciences</i> Associate Editor
1984-1985	Massachusetts Institute of Technology Women's Studies Program Co-organizer of Conference "Women in a Computer-Communications Based Society"
1983-1984	Brown University Consultant on Computer-Intensive Learning Environments
1981-1983	American Bar Association Panel on Computers and Privacy

1981-1983	New York Academy of Sciences Planning Committee for Symposium "Computer Culture: The Scientific, Intellectual and Social Impact of the Computer"
1979-1982	United States Congress Office of Technology Assessment Advisory Panel for Study of Societal Impacts of National Information Systems

PUBLICATIONS

Books

Artificial Intimacy: Who Do We Become When We Talk to Machines?
New York: Little Brown & Company, September 2026.

The Empathy Diaries: A Memoir
New York: Penguin Press, March 2021.
(Also published in Turkish translation.)

Reclaiming Conversation: The Power of Talk in a Digital Age
New York: Penguin Press, October 2015.
(Also published in a British edition and Italian, Spanish, French, Swedish, Japanese, Chinese, Vietnamese, Russian, Romanian, Serbian, and Turkish translations, plus Audio Penguin.)
10th Anniversary edition, with a new preface by Sherry Turkle. New York: Penguin Press, 2025.

Alone Together: Why We Expect More from Technology and Less from Each Other
New York: Basic Books, 2011.
(Also published in Italian, French, German, Japanese, Korean, Chinese, Thai, Serbian, Croatian, Polish, and Arabic translations.)
Second Edition, with a new introduction by Sherry Turkle. New York, Basic Books. 2017.

Simulation and Its Discontents
Cambridge, MA: MIT Press, 2009.

The Inner History of Devices
Edited and with an introduction by Sherry Turkle.
Cambridge, MA: MIT Press, 2008.

Falling for Science: Objects in Mind
Edited and with an introduction by Sherry Turkle.
Cambridge, MA: MIT Press, 2008.

Evocative Objects: Things We Think With
Edited and with an introduction by Sherry Turkle.
Cambridge, MA: MIT Press, 2007.

The Second Self: Computers and the Human Spirit
Twentieth Anniversary edition, including new introduction, epilogue, and notes.
Cambridge, MA: MIT Press, 2005.

Life on the Screen: Identity in the Age of the Internet

New York: Simon and Schuster, 1995.

Paperback edition, New York: Touchstone, 1997.

(Also published in a British edition and Chinese, German, Italian, Japanese, Spanish, Korean, Portuguese, Swedish, and Croatian translations.)

The Second Self: Computers and the Human Spirit

New York: Simon and Schuster, 1984.

Paperback edition, New York: Touchstone, 1985.

(Also published in a British edition and French, German, Italian, Japanese, Spanish, Swedish, and Danish translations.)

Psychoanalytic Politics: Jacques Lacan and Freud's French Revolution

New York: Basic Books, 1978.

Paperback edition, Cambridge: MIT Press, 1981.

2nd edition revised and updated, New York: Guilford Press, 1992.

2nd edition, with a new preface, Cambridge: MIT Press, 2024.

(Also published in a British edition and French, Italian, and Spanish translations.)

Reports

“AI and Mental Health Care: Issues, Challenges, and Opportunities (Panelist).”

American Academy of Arts and Sciences, December 2025.

“Who do we become when we talk to machines?”

MIT, March 2024.

“A Nascent Robotics Culture: New Complicities for Companionship,”

AAAI Technical Report Series, July 2006.

“Information Technologies and Professional Identity: A Comparative Study of the Effects of Virtuality,” with H. Gusterson, J. Dumit, D. Mindell, A. Chan, N. Myers, Y. Loukissas, and J. Ferng, National Science Foundation Report (NSF Grant # IIS-0220347), December 2005.

“Relational Artifacts, Children, and Elders,” National Science Foundation Report (NSF Grant # SES-0115668), November 2003.

“Tech-Savvy: Educating Girls in the New Computer Age,” co-edited with AAUW Educational Foundation Commissioners, April 2000.

“Project Athena at MIT,” with Donald Schön, Brenda Nielsen, M. Stella Orsini and Wim Overmeer, May 1988.

Chapters in Books

Foreward, *Removed: Elsewhere, everywhere, nowhere.* Eric Pickersgill. Snap Collective. 2026.

Preface, Tenth Anniversary Edition of *Reclaiming Conversation*, 2025.

“Tangling with Freud in a Post-Freudian World.” In *On the Couch: Writers Analyze Sigmund Freud*, Andrew Blauner (ed.). Princeton: Princeton University Press, May 2024.

"The Year of Not Living Thickly." In *Now Comes Good Sailing: Writers Reflect on Henry David Thoreau*, Andrew Blauner (ed.). Princeton: Princeton University Press, October 2021.

"Rejecting the Sirens of the Friction-Free World." In *Which Side of History?* James P. Steyer (ed.). San Francisco: Chronicle Books, September 2020.

Foreword to *Left to Our Own Devices* by Margaret E. Morris. Cambridge, MA: MIT Press, December 2018.

"Empathy Machines: Forgetting the Body in Digital Culture." In *A Psychoanalytic Exploration of the Body in Today's World*, Vaia Tsolas and Christine Anzieu-Premmereur (eds.). New York: Routledge, 2017. Reprinted in *Women Reclaiming the City: An International Research Handbook on Urbanism, Architecture and Planning*, T. Haas and M. Schwab. Lanham MD: Rowman & Littlefield, 2022.

Introduction to Third Edition of *Alone Together: Why We Expect More from Technology and Less from Each Other*. New York: Basic Books, 2017.

"Purple Sweatshirt." In *Worn Stories*, Emily Spivack (ed.). New York: Princeton Architectural Press, 2014.

"Objects of Desire." In *What Should We Be Worried About? Real Scenarios That Keep Scientists Up at Night*, John Brockman (ed.). New York: Harper Perennial, 2014.

"Be Careful What You Wish For." In *Rise of the Robots: We've got company, How smart machines will change our lives*, Editors of Time Magazine. Time Books, 2013.

"Once Upon a Screen." In *The Science of You: The Factors That Shape Your Personality*, Editors of Time Magazine. Time Books, 2013.

"Object Lessons." In *Educating the Whole Child for the Whole World*, Marcelo M. Suárez-Orozco and Carolyn Sattin-Bajaj (eds.). New York University Press, 2010.

"In Good Company?: On the Threshold of Robotic Companions." In *Close Engagements with Artificial Companions: Key Social, Psychological, Ethical and Design Issues*, Yorick Wilks (ed.). Amsterdam and Philadelphia: John Benjamins Publishing Company, 2010.

"The Robot in the Wings." In *What Have You Changed Your Mind About?: Today's Leading Minds Rethink Everything*, John Brockman (ed.). New York: Harper Perennial, 2009.

"Always-on/Always-on-you: The Tethered Self." In *Handbook of Mobile Communication Studies*, James E. Katz (ed.). Cambridge, MA: MIT Press, 2008.

"The Immeasurables." In *What Are You Optimistic About?: Today's Leading Thinkers on Why Things Are Good and Getting Better*, John Brockman (ed.). New York: Harper Perennial, 2007.

"Simulation Versus Authenticity." In *What is Your Dangerous Idea? Today's Leading Thinkers on the Unthinkable*, John Brockman (ed.). New York: Harper Perennial, 2007.

"Tethering." In *Sensorium: Embodied Experience, Technology, and Contemporary Art*, Caroline A. Jones (ed.). Cambridge, MA: List Visual Art Center and MIT Press, 2006.

"First Encounters with Kismet and Cog: Children Respond to Relational Artifacts." with Cynthia Breazeal, Olivia Dasté, and Brian Scassellati. In *Digital Media: Transformations in Human Communication*, Paul Messaris and Lee Humphreys (eds.). New York: Peter Lang Publishing, 2006.

"Computer Games as Evocative Objects: From Projective Screens to Relational Artifacts." In *Handbook of Computer Game Studies*, Joost Raessens and Jeffrey Goldstein (eds.). MIT Press, 2005.

"The Objects of Our Lives." In *Curious Minds: How a Child Becomes a Scientist*, John Brockman (ed.). New York: Pantheon, 2004.

"Our Split Screens." In *Community in the Digital Age: Philosophy and Practice*, Andrew Feenberg and Darin Barney (eds.). Lanham, MD: Rowman and Littlefield, 2004.

"The Fellowship of the Microchip." In *Globalization: Culture and Education in the New Millennium*, Marcelo M. Suarez-Orozco and Desiree Baolian Qin-Hilliard (eds.). Berkeley: University of California Press/Ross Institute, 2004.

"Spinning' Technology." In *Technological Visions*, Marita Sturken, Douglas Thomas, and Sandra Ball-Rokeach (eds.). Philadelphia: Temple University Press, 2004.

"Whither Psychoanalysis in Computer Culture?" In *Readings in the Philosophy of Technology*, David M. Kaplan (ed.). Lanham, MD: Rowman & Littlefield Publishers, Inc., 2004.

"Sociable Technologies: Enhancing Human Performance When the Computer is not a Tool but a Companion." In *Converging Technologies for Improving Human Performance*, Mihail C. Roco, and William Sims Bainbridge (eds.). The Netherlands: Kluwer Academic Publishers, 2003. (First appeared as NSF Report, 2002)

"Collaborative Selves, Collaborative Worlds: Identity in the Information Age." In *Electronic Collaboration in the Humanities*, James A. Inman, Cheryl Reed, and Peter Sands (eds.). NJ: Lawrence Erlbaum Associates, Inc., August 2003.

"E-Futures and E-Personae." In *Designing for a Digital World*, Neil Leach (ed.). London: John Wiley & Sons, 2002.

"All MOOs are Educational – the Experience of 'Walking through the Self.'" Foreword to *High-Wired: On the Design, Use, and theory of Educational MOOs*, Cynthia Haynes and Jan Rune Holmevik (eds.). 2d ed. Ann Arbor: University of Michigan Press, 2001.

"TechnoTalk: E-Mail, the Internet, and Other 'Compversations.'" with S.I. Salamensky. In *Talk, Talk, Talk: The Cultural Life of Everyday Conversation*, S.I. Salamensky (ed.). New York: Routledge, 2001.

"Toys to Change Our Minds." In *Predictions*, Sian Griffiths (ed.). Oxford: Oxford University Press, 1999.

"What Are We Thinking About When We Are Thinking About Computers?" In *The Science Studies Reader*, Mario Biagioli (ed.). New York: Routledge, 1999.

"Identity in the Age of the Internet." In *The Media Reader: Continuity and Transformation*, Hugh Mackay and Tim O'Sullivan (eds.). London: Sage, 1999.

"Commodity and Community in Personal Computing." In *High Technology and Low-Income Communities: Prospects for the Positive Use of Advanced Information Technology*, Donald A. Schön, Bish Sanyal, and William J. Mitchell (eds.). Cambridge: MIT Press, 1999.

"Cyborg Babies and Cy-Dough-Plasm: Ideas about Life in the Culture of Simulation." In *Cyborg Babies: From Technosex to Technotots*, Robbie Davis-Floyd and Joseph Dumit (eds.). New York: Routledge, 1998.

"The Virtual Reality Perspective." Interview in *New Personae* by Debra Jo Immergut. Milan: Biennale di Firenze: il tempo e la moda and Skira Publishers, 1997.

"Tinysex and Gender Trouble." In *Feminisms*, Sandra Kemp and Judith Squires (eds.). New York: Oxford University Press, 1997. (Also published in *Sex/Machine: Readings in Culture, Gender, and Technology*, Patrick D. Hopkins (ed.). Bloomington: Indiana University Press, 1999; and *Liberating Cyberspace*, Liz Parratt (ed.). London: Pluto Press, forthcoming.)

"Growing up in the Culture of Simulation." In *Beyond Calculation: The Next 50 Years of Computing*, Peter Denning and Bob Metcalfe (eds.). New York: Copernicus Books (Springer Verlag), 1997.

"The Cyberanalyst." In *Digerati: Encounters with the Cyber Elite*, John Brockman (ed.). San Francisco: HardWired, 1996.

"Rethinking Identity Through Virtual Community." In *Clicking In: Hot Links to a Digital Culture*, Lynn Hershman Leeson (ed.). Seattle: Bay Press, 1996.

"Parallel Lives: Working on Identity in Virtual Space." In *Constructing the Social Self in a Mediated World*, Debra Grodin and Thomas R. Lindlof, (eds.). New York: Sage, 1996.

"Tough Love." An Introduction to *When Parents Separate* by Francoise Dolto. Lincoln, Massachusetts: David R. Godine, 1995.

"Identity in the Internet." In *How Things Are: A Science Tool-Kit for the Mind*, John Brockman and Katinka Matson (eds.). New York: William Morrow and Co., 1995.

"Project Athena at MIT." (with Donald Schön) In *Frame Reflection: Toward the Resolution of Intractable Policy Controversies*, Donald Schön and Martin Rein, (eds.). New York: Basic Books, 1994.

"Computational Seductions: The Roots of Computer Holding Power." In *Demystifying Media Technology: Readings from the Freedom Forum Center*, John V. Pavlik and Everette E. Dennis (eds.). Mountain View, CA: Mayfield Publishing, 1993.

"Computer Culture." In *Technologies for the 21st Century: Multimedia in Review*, Martin Greenberger (ed.). Santa Monica: Council for Technology and the Individual, 1992.

"Psychoanalytic Culture: Jacques Lacan and the Social Appropriation of Psychoanalysis." In *Telling Facts: History and Narration in Psychoanalysis*, Humphrey Morris (ed.). Baltimore: John Hopkins University Press, 1992.

"Paradoxical Reactions and Powerful Ideas: Educational Computing in a Department of Physics." In *Sociomedia, Hypermedia, and the Social Construction of Knowledge*, Edward Barrett (ed.), Cambridge: MIT Press, 1992. (Reprinted in *Work and Technology in Higher Education: The Social Construction of Academic Computing*, Mark Shields (ed.). Hillsdale, New Jersey: Erlbaum, 1995.)

"Epistemological Pluralism and the Revaluation of the Concrete." In *Constructionism*, Idit Harel and Seymour Papert (eds.). Norwood, NJ: Ablex Publishing Corporation, 1991. (Reprinted in *Journal of Mathematical Behavior*, 11, 1, March 1992.)

"Romantic Reactions: Paradoxical Responses to the Computer Presence." In *The Boundaries of Humanity: Humans, Animals, Machines*, James J. Sheehan and Morton Sosna (eds.). Berkeley: University of California Press, 1991.

"Style as Substance in Educational Computing." In *The Information Society: Evolving Landscapes*, Jacques Berleur, Richard Sizer, Diane Whitehouse, and Andrew Clement (eds.). New York: Springer-Verlag, 1990.

"Growing Up in the Age of Intelligent Machines: Reconstructions of the Psychological and Reconsiderations of the Human." In *The Age of Intelligent Machines*, Raymond Kurzweil (ed.). Cambridge: MIT Press, 1990.

"Minds and Screens: Mirrors for the Post-Modern." In Smithsonian Institution Catalogue for Exhibition *Culture and Commentary: An Eighties Perspective*. Washington D.C.: Smithsonian, 1990.

"Political Philosophy's Psychologized Self: 'Speaking prose without knowing it.'" (with Nancy Rosenblum) In *Critical Issues in Social Thought*, Murray Milgate and Cheryl B. Welch (eds.). San Diego: Academic Press, 1989.

"Computers and Psychological Development." In *Knowledge and Communication in the Computer Age*, Claire Forchheimer (ed.). Linköping, Sweden: University in Linköping, Institute of Tema Research, 16, 1988.

"Computational Reticence: Why Women Fear the Intimate Machine." In *Technology and Women's Voices*, Cheris Kramerae (ed.). New York: Pergamon Press, 1986.

"Lacan and America: The Problem of Discourse." In *Introducing Psychoanalytic Theory*, Sander Gilman (ed.). New York: Brunner/Mazel, 1982.

"La France Freudienne." Introduction to the French translation of *Psychoanalytic Politics*. Paris: Grasset, 1981.

"French Anti-psychiatry." In *Critical Psychiatry: The Politics of Mental Health*, David Ingleby (ed.). New York: Pantheon Books, 1980.

"French Psychoanalysis: A Sociological Perspective." In *Psychoanalysis, Creativity and Literature: A French-American Inquiry*, Alan Roland (ed.). New York: Columbia University Press, 1978.

"Symbol and Festival in the French Student Uprising (May and June 1968)." In *Symbol and Politics in Communal Ideology: Cases and Questions*, Barbara Meyerhoff and Sally Moore (eds.). Ithaca: Cornell University Press, 1976.

Selected Media Appearances, Video Presentations, Profiles

CNN Kara Swisher's Wants To Live Forever - Interviewed on Episode 3 "How To Hack Loneliness" (May 9, 2026)

PBS News Horizons - "Can AI companionship cure loneliness – or deepen it?" (February 27, 2026)
Horizons moderator William Brangham explores AI relationships with Sherry Turkle, Justin Gregg and Nick Thompson.

Guest post on *After Babel*, preface to the Tenth Anniversary Edition of *Reclaiming Conversation* with an introduction from Jon Haidt (August 26, 2025)

TED Radio Hour (NPR) – "How our relationships are changing in the age of artificial intimacy" (August 2, 2024). With Manoush Zomorodi. "MIT sociologist Sherry Turkle on the psychological impacts of bot relationships." <https://www.npr.org/programs/ted-radio-hour/2024/08/02/ted-radio-hour-for-august-02-2024>

TED Radio Hour (NPR) – "Body Electric: If a bot relationship FEELS real, should we care that it's not?" (July 9, 2024). Host Manoush Zomorodi talks to Sherry Turkle about her new research into what she calls "artificial intimacy," and its impact on our mental and physical health.

"Who Do We Become When We Talk to Machines?" Sherry Turkle in conversation with Audrey Borowski. Leverhulme Centre for the Future of Intelligence, University of Cambridge, UK, June 10, 2024. Streamed by *The Philosopher* (www.thephilosopher1923.org).

StreetSmart Wisdom Podcast - "What Really Matters and The Future of Humanity Session 2" (April 30, 2024) Sherry Turkle and Jon Kabat-Zinn delve into the complexities of our increasingly digital world, exploring the profound impact of digital technology on human empathy, the preservation of our essential human qualities, and the concerning rise of artificial intelligence.

Interviewed in - *Eternal You*, a documentary film following artificial intelligence startups that create digital avatars for loved ones following their deaths. Premiered at the Sundance Film Festival on January 20, 2024.

StreetSmart Wisdom Podcast - "What Really Matters as the Analog World Meets the Digital World Part 2" (July 23, 2023) Steve Stein welcomes guests Sherry Turkle and Jon Kabat-Zinn, shed light on the crucial role of mother-baby interactions in relationship development and the formation of synaptic connections in the brain.

StreetSmart Wisdom Podcast - "What Really Matters as the Analog World Meets the Digital World Part 1" (July 19, 2023) Steve Stein welcomes guests Sherry Turkle and Jon Kabat-Zinn to discuss the complex relationship between the digital world and what truly matters.

The Harvard Gazette – “Why virtual isn’t actual, especially when it comes to friends.” Article by Liz Mineo, 12/5/2023, about Prof. Turkle’s keynote at the Harvard Kennedy School/STS Conference on AI & Democracy, held November 30, 2023.

A Species Between Worlds (an initiative by Life Calling) – Panel discussion on “The Age of Perpetual Distraction” (September 14, 2022 virtual event). With David C. Banks and Tali Horowitz (moderator). The concept of the attention economy – how our focus is captured, distributed, consumed, demanded, and monetized – is growing more omnipresent every day. What is this 24/7 demand doing to our brains and bodies?

The Boston Athenaeum – Book Talk: *The Empathy Diaries: A Memoir*. Sherry Turkle in conversation with Susan Quinn (June 3, 2021 virtual event). “In this vivid and poignant narrative, Turkle ties together her coming-of-age and her pathbreaking research on technology, empathy, and ethics.”

Nicolle Wallace: Deadline White House (MSNBC) – Preparing for the Return to the New Normal (April 27, 2021). “MIT Professor Sherry Turkle Says Re-Entry into Society is Harder Than We Think.”

American Friends of Rabin Medical Center Presents Global Connections: People vs Technology: Who’s Winning? – special program from Jerusalem (April 14, 2021). Robert Siegel, former Senior Host of NPR’s *All Things Considered*, interviews MIT Professor Sherry Turkle.

NewYorker.com – “Sherry Turkle’s Plugged-In Year,” by Corinne Purtill (March 23, 2021 online edition). ‘The sociologist has critiqued our digital addictions. Now, like the rest of us, she’s been trapped behind her screens.’

FastCompany.com – “In a World of Screens, Sherry Turkle Wants to Make Eye Contact,” by Alex Pasternack (March 23, 2021 online edition). ‘The pioneering MIT professor on her new memoir, the masks we wear, and why it’s more important than ever to put technology in its place.’

Fresh Air (NPR) – “In ‘The Empathy Diaries,’ Sherry Turkle Considers the Burden of Family Secrets” (March 10, 2021). Dave Davies, Host.

The New York Times – “A Critic of Technology Turns Her Gaze Inward,” by Casey Schwartz (March 1, 2021). ‘Sherry Turkle is best known for exploring the dysfunctional relationships between humans and their screens. She takes on a new focus – herself – in her memoir, *The Empathy Diaries*.’

Le Monde – “Nous devons apprendre à voir Internet comme un acteur politique,” by Marc-Olivier Bherer (August 10, 2020). ‘La psychologue Sherry Turkle, spécialiste du Web, estime que la pandémie, malgré des initiatives numériques désintéressées, n’a pas fait disparaître le risque que nous soyons manipulés par des technologies qui cherchent à capter notre attention.’

Voice of America News – “MIT’s Sherry Turkle on What is Lost and Gained by Zoom During the Covid Era” (June 11, 2020). Interviewed by VOA broadcaster Adam Phillips.

On Point (NPR) - Staying Connected, Virtually: What We Lose Online. “For years, Sherry Turkle has researched how technology is pushing people apart. But in the face of a global pandemic, is technological communication the thing that’s bringing us together?” (April 1, 2020). With host Meghna Chakrabarti (WBUR, Boston).

Le Monde – “Sherry Turkle, la psychologue des nouvelles technologies,” by Frederic Joignot (March 4, 2019). ‘The professor at MIT questions the impact of screens on our relationships, our psychic life – up to our sexuality.’

Think:Act magazine [Roland Berger] – “How to Make Space for Both People and Technology” (November 9, 2018). “Pioneering thinker and psychologist Sherry Turkle wants us to reclaim human space from all those accelerating technological interruptions.” Prof. Turkle is interviewed by Steven Poole.

Pioneers (The Huffington Post /AOL On) – “‘Pioneers’ goes inside the lives of ten people who have made it their mission to redefine what success means to them. At the top of their respective fields, from business and technology to entertainment and pro sports, they’re leading the way to a less stressful, more fulfilling life – and inviting us to join them.” Episode 9: MIT Professor Sherry Turkle (September 2017). With Arianna Huffington.

Here & Now (NPR) – “Sherry Turkle talks about the influence technology is having on us – on our conversations, creativity, ability to empathize, and other aspects of our relationships – and what we can do about it” (January 1, 2016). With Robin Young.

PBS NewsHour – “How your cellphone is silently disrupting your social life” (November 27, 2015). Jeffrey Brown reviews “Reclaiming Conversation” for the NewsHour Bookshelf and speaks with its author, Sherry Turkle.

Book TV / C-SPAN2 – Book Discussion on “Reclaiming Conversation” (November 2, 2015). With author Prof. Sherry Turkle, Eric Klinenberg, and Marita Sturken.

Arianna Huffington (The Huffington Post) – “Connecting With Sherry Turkle: My Q and A With the Author of ‘Reclaiming Conversation’” (October 27, 2015). Prof. Turkle says we no longer have the kinds of conversations in which intimacy and empathy develop, collaboration grows, and creativity thrives.

Good Morning America (ABC). “Phones Ruining Conversations” (October 23, 2015). Prof. Turkle is interviewed by Bloomberg’s Emily Chang.

The Diane Rehm Show (NPR) – “A psychologist [Sherry Turkle] warns that turning to our devices for connection can diminish our capacity for empathy” (October 19, 2015).

Science Friday (NPR) – “Sherry Turkle says ‘human relationships are rich, messy, and demanding. When we clean them up with technology, we move from conversation to the efficiencies of mere connection.’” (October 9, 2015). With Ira Flatow.

HUBweek/Boston (Fenway Forum) – “What’s the Right Thing to Do?: A Master Class with Michael Sandel” (October 4, 2015). Described as a “rockstar moralist” by Newsweek, Harvard Professor Michael Sandel welcomes an all-star panel including Arianna Huffington, Yo-Yo Ma, Alexis Wilkinson, Sherry Turkle, and others for a lively discussion about hard ethical questions such as ‘Should we try to live forever? Make machines that can outthink us? Create perfect kids? Trade our privacy for convenience?’ Emceed by WBUR’s Robin Young, at Faneuil Hall.

Weekend Edition (NPR) – “Making the case for face to face in an era of digital conversation” (September 26, 2015). “When Sherry Turkle came into the studio for her interview with NPR’s Scott Simon, she left her cell phone outside. ‘I gave my iPhone to someone ... out of my line of vision,’ she says, ‘because research shows that the very sight of the iPhone anywhere in your line of vision actually changes the conversation.’”

Common Sense Media – “Touchscreen Generation” (November 2014, New York City). A panel discussion featuring Sherry Turkle, Yahoo News anchor Katie Couric, and James Steyer, founder and CEO of Common Sense Media.

Scientific American – “The Networked Primate” (Vol. 311, Issue 3, September 2014). ‘For the first time in the history of our species, we are never alone and never bored. Have we lost something fundamental about being human?’ Prof. Turkle is interviewed by Mark Fischetti.

The Atlantic Magazine – “Saving the Lost Art of Conversation: In a fast-paced digital age, an MIT psychologist tries to slow us down” (January/February 2014). A profile by Megan Garber.

Moyers & Company (PBS) – "Sherry Turkle on Being Alone Together" (October 18, 2013). Sherry tells Bill Moyers: "What concerns me as a developmental psychologist is watching children grow in this new world where being bored is something that never has to be tolerated for a moment."

On Point with Ted Ashbrook (NPR) – "The Programmable World" (June 4, 2013). Sherry Turkle discusses wiring the physical world and how we'll live when everything is online.

CBS This Morning, with Charlie Rose and Gayle King – "More Wired, Less Connected: Is Your Smart Phone Making You Lonely?" (Sunday, April 3, 2013). Sherry Turkle, Barbara Fredrickson, and Nick Bilton discuss the pros and cons of mobile phones.

TED Radio Hour (NPR) – "Are We Plugged-In, Connected, but Alone?" (March 15, 2013). With Guy Raz. "Sherry Turkle looks at how technology redefines human connection and what we expect from each other."

Weekend Edition Sunday (NPR) – "'We Need to Talk': Missed Connections with Hyperconnectivity." (February 10, 2013). Sherry Turkle tells Rachel Martin "We all get to keep our phones and love our phones, but now that we're into a more mature use of the technology, we also need to be able to say, 'For this conversation, we need to talk.'"

Fresh Air with Terry Gross (NPR) -- "In Turkle's interviews with adults and teenagers, she found people of all ages are drawn to their devices for a similar reason: 'What is so seductive about texting, about keeping that phone on, about that little red light on the BlackBerry, is you want to know who wants you'" (October 18, 2012).

TED Conference (Technology, Engineering, Design) – Sherry Turkle gives a talk on "Connected, but Alone?" on the TED Mainstage in Long Beach, CA (March 2012).
http://www.ted.com/talks/sherry_turkle_alone_together.html

On Being with Krista Tippett (American Public Media) -- "Alive Enough? Reflecting on Our Technology" (April 7, 2011). "And here is the starting point for the conversation [Sherry Turkle] would encourage all of us to have within ourselves, within our workplaces, and especially within our families: just because we've grown up with the Internet doesn't mean the Internet is grown up."

Science Friday (NPR) -- "Have we grown too fond of technology?" (February 25, 2011). With Ira Flatow.

The Takeaway (NPR/WNYC FM) -- "Is technology tearing us apart?" (January 18, 2011). With John Hockenberry.

The Colbert Report (Comedy Central) -- "Sherry Turkle doesn't want to get rid of technology, but she thinks it's time to put it in its place" (January 17, 2011).

Invited Lectures and Conference Papers

Berkman Klein Center
Round table with former Surgeon General Vivek Murthy on the mental health implications of Generative AI.
Cambridge, MA May 2026
The Human Algorithm Summit
Closing Keynote: *Artificial Intimacy: How Our Attachment to Human-Like AI Erodes Our Humanity*
San Francisco, CA May 2026

AHA Symposium 2026. Raised by AI
Panelist: *AI + the Future of Relationships*
Cambridge, MA April 2026

HumanConnections.AI Salon
Invited Guest of Ron Ivey
San Francisco, CA January 2026

World Economic Forum
Open Forum Panel: *Swipe Left on Reality*
Davos, Switzerland January 2026

Yale Faculty Roundtable
A Conversation with Sherry Turkle and Jennifer Herdt: *AI and Friendship?*
Rivendell Institute, New Haven, CT November 2025

Launch of AHA Symposium 2025: Can we design AI to support human flourishing?
Panelist Session 2: *Interior Life*
Cambridge, MA April 2025

New York Encounter
In dialogue with Robert Putnam: *A Feeling of Precariousness*
New York, NY February 2025

The New Yorker Festival
Panelist: *AI and Our Humanity*
New York, NY October 2024

Global Connections with Robert Siegel
(presented by American Friends of Rabin Medical Center)
Special guest panelist: *Growing Up With Social Media*
New York, NY January 2024

Harvard Conference on AI & Democracy
(Harvard Kennedy School's Program on Science, Technology & Society)
Opening Keynote: *Artificial Intimacy: What are People For?*
Cambridge, MA November 30, 2023

Wisdom 2.0 Artificial Intelligence Summit
Artificial Intimacy
San Francisco, CA October 2023

Camp Sandbox (conference)
Artificial Intimacy
Point Reyes, CA October 2023

Aspen Ideas Festival 2021
What Does It Mean for Empathy to be 'The Fuel of Democracy'?
Aspen, CO July 1, 2021

Harvard Hillel
Technology, Empathy, and Ethics
Cambridge, MA Spring 2021 [via Zoom]

American Academy of Arts & Sciences
Empathy and Our Future (with Eric Liu)

Cambridge, MA March 10, 2021 [via Zoom]

Aspen Institute, Spain

Not Alone Together but Together Alone – the paradoxes of screen time today

Madrid June 4, 2020

Leading Jewish Minds @ Home

MIT Hillel

Not Alone Together but Together Alone – the complexities of screen time today

Cambridge, MA June 4, 2020

Chanel, International

Roundtable on Identity and Brands

Keynote

New York, NY March 2020

MIT Schwarzman College of Computing

Opening Program

Keynote: *Rethinking Friction in Digital Culture*

Cambridge, MA February 28, 2020

Hewlett Packard Conference on Thinking about the Future

Keynote: *Not Alone Together But Together Alone*

Palo Alto, CA February 2020

Aspen Institute on Artificial Intimacy

Keynote

Santa Barbara, CA January 2020

Hitchcock Lecture

University of California, Berkeley

The Assault on Empathy: The promise of artificial intimacy

The Assault on Empathy: The promise of a friction-free life

Berkeley, CA February 2019

Connecticut Forum

Panelist: *Big Tech: What is the Future We're Building?*

Hartford, CT November 2018

The Boston Psychoanalytic Society and Institute

Empathy Machines

Newton Centre, MA November 2017

2017 National Principals Conference

Jointly presented by National Associations of Elementary and Secondary School Principals

Keynote: *The Role of Technology in the Classroom: A Contested Terrain*

Philadelphia, PA July 2017

Aspen Ideas Festival

What Technology Makes Us Forget About Life

Aspen, CO June 2017

Literary Orator at the Phi Beta Kappa Literary Exercises

Harvard University Commencement

How Technology Makes Us Forget What We Know About Life

Cambridge, MA May 2017
