

Goal:

My goal is creating a good portfolio website and I want to make projects like a ERP software. I also want to solve at least 400 problems on leetcode.

S

specific

What specifically am I trying to achieve ?

Creation of a portfolio Website with a full stack ERP software and solving 400 leetcode questions

M

measurable

How will I measure success ?

Creation and deployment of my portfolio Website with a full stack ERP software and having solved 400 leetcode questions

A

attainable

What steps do I need to take to **attain** my goal ?

I need to solve almost 3 leetcode question per day and give 2 hours per day to work on my portfolio and projects.

R

relevant

Is this relevant for my long term goals?

While in short term these goals help me improve my skills. In long-term these goals will help me in my career growth.

T

time-bound

What is the time frame for the goal ?

The deadline is 6 months.
