## Part-time Internship Opportunity

The Dominican Development Center is seeking a **part-time paid intern** to join our team for an exciting grant-funded project this spring to support the health and well-being of seniors in our community. We are partnering with Nuevo Día, an Adult Day Health Center located in Jamaica Plain, to create wellness programming and therapeutic support for Spanish-speaking seniors. This internship will be a hybrid one, about 10 hours/week, including both remote work with our team and some on-site interaction with members of Nuevo Día. Students preparing for a career in the health professions, especially those interested in or with a background working with seniors, will find this an enriching experience. The position will also enable you to strengthen your project management skills. Employment would begin as early as Monday, January 17, 2023, and extend through Friday, April 21, 2023.
