# Art + Feminism WikiStorming

at Penn State

## 2023 Theme: Collective Action

Launched in 2014, Art+Feminism is a campaign to improve coverage of women and the arts on Wikipedia, and to encourage feminist editorship.

On March 24, 2023, in honor of Women's History Month, join us in editing and creating the Wikipedia entries on feminist artists, feminist curatorial practices, feminist art pedagogy, and other subjects related to contemporary art, architecture, visual culture, and feminism absent from Wikipedia.
