

# PARKING INSTRUCTIONS

## All Participants

To use HONK for parking at Penn State University Park, you can either download the HONK app, scan a QR code, or text a specific code to the number provided. The zone code for parking at the Bryce Jordan Center is PSUCR. HONK also offers Tap to Pay, which allows for instant payment by scanning a QR code without downloading an app or registering.

### 1. Download the HONK App:

- Download the HONK app on iOS or Google Play.
- Enter the specific zone code for the parking area you are using (e.g., PSUCR for Bryce Jordan Center, PSUIP for Outreach Building).

### 2. Scan a QR Code:

- Scan the QR code found on the signage in the Bryce Jordan Center parking lot.
- This will typically open a payment window within your mobile browser or the HONK app.

### 3. Text to Pay:

- Text the location code (e.g., PSUCR) to the number provided on the signage.
- You will receive a text message with instructions on how to pay.

### 4. HONK Tap to Pay:

- Scan the QR code on the parking signage.
- No app or registration is required for this method.

**ADA PARKING:** You must follow the same steps above to register your vehicle and may park in ADA spaces in **Orange L East with a properly displayed state issued ADA Plate or Placard.** This is the small lot outside of the Guest Entrance.
