

MAKE A BACKPACK

FOR MX. BEAR

RULES:

1) The backpack must be able to close.

That way nothing gets lost when your stuffed animal uses the backpack!

2) The backpack must be able to hold at least 1 pen, 1 pencil and 1 eraser.

3) The backpack must be removable.

Don't directly attach anything to the stuffed animal!

YOUR GOAL

Make a comfortable backpack for your favorite stuffed animal.

What makes a backpack comfortable?
How can you keep the backpack from falling off?

HOW TO MAKE IT REMOVABLE?

Get some help from the "Removable connections" section of the Constructopedia.

HERE ARE SOME

EXAMPLES!!!

cardboard bag with
string straps

Fabric ties to hold backpack
in place

Plastic cup with cardboard
latch lid

paper tube straps

fabric bag with
cardboard supports
