UPCOMING PROJECTS FOR THIS SUMMER/NEXT YEAR:
  ● Develop post-event feedback form for events to follow up with attendees. Potential questions would get at whether attendees' needs were met, what they got out of the event, what else they'd like to see/how similar events can be improved in the future. Possibly a good project for outreach committee.
    ○ E.g., for How'd You Get That Job?!:
      ■ Did you learn strategies for networking with others in your field?
      ■ Did you have any follow up outside of this event with panelists?
  ● Use zoom registration for events when possible, instead of using google forms to collect registration responses and sending zoom information separately.
