Associated Student Government
University of Arkansas

ASG Senate Resolution No. 3
Author(s): Senator Ryan Harra, Director of Mental Health Michael Fuhrman
Sponsor(s): Senator Beck Williams

A Resolution to Mandate CAPS Information on Syllabi

Whereas, Mental health issues are a threat to the wellbeing and success of the students here at the University of Arkansas and across the country,

Whereas, The University of Arkansas Counseling and Psychological Services (CAPS) offers a wide variety of effective therapies and resources to assist students struggling with mental health issues,

Whereas, The impact of CAPS resources is limited by lack of student awareness

Whereas, A policy requiring professors to include a brief section on CAPS resources would guarantee that all students on campus would be exposed to these resources at no cost to CAPS or the University,

Whereas, CAPS has already agreed to provide a short summary of resources that professors can use verbatim in their syllabi,

Be it therefore resolved: That the Associated Student Government Senate encourages the University of Arkansas Faculty Senate to pass legislation mandating professors add this vital section to their syllabi, and to emphasize this during their discussion of the syllabus

Be it finally resolved: A copy of this legislation be sent to the Faculty Senate for review and enaction.
