A Resolution Supporting the Implementation of Informational
Sexual/Relationship Violence Stickers in Restroom Stalls of New and
Newly Renovated Campus Buildings

Whereas, The “Campus Climate Survey” conducted by the Title IX Office
in 2017 - as a continued effort to prevent sexual assault on our
campus and designed to gauge student attitudes and
experiences - revealed that a significant percentage of
students were not aware of how to report sexual assault or
misconduct when presented with such a situation; and

Whereas, Over 2,800 students participated in the Climate Survey, and
28.4% of these students did not know about the availability of

implement sexual/relationship violence stickers in restrooms of most campus buildings; and

Whereas, A rapidly growing flagship institution, the University of Arkansas has recently opened two fully renovated floors in Mullins Library as well as the new Student Success Center, gathering students, faculty, and staff from most - if not all - demographic sectors of campus, none of which have installed sexual/relationship violence stickers in restroom stalls; and

Whereas, The addition of these stickers would positively affect individuals from all areas of campus by having readily available access to this information; then

Be it therefore resolved: The Associated Student Government Senate supports the Implementation of Informational Sexual/Relationship Violence Stickers in Restroom Stalls of New and Newly Renovated Campus Buildings in an effort to prevent sexual assault on our campus; and

Be it further resolved: The printing of new stickers is to be funded by the Dean of Students Office and installed in new locations by Facilities Management, and the Creative Services Department is to be contacted to obtain a template for the sticker design found in other restroom locations; and

Be it finally resolved: A copy of this legislation be sent to Interim Vice Chancellor for Student Affairs Melissa Harwood-Rom, Associate Dean of Students Lori Lander,
