Is there anything else you would like to share about the COURSE?

| Comments |
|---|
| This course is extremely challenging and the final being worth 60% is unbelievably stressful. There is pretty much no cushion at all for grades whatsoever |
| the content are genuinely very difficult, but I would say the professor has tried his best to illustrate the material clearly. The course gives insight into all kinds of field involving PDEs, which I think is very interesting but also challenging |
| Challenging but impressive |

He is nice but very intimidating and not very approachable. I have struggled a lot in this course and it very much feels like I am totally on my own to catch up and improve
