Healthy Work Strategies (Healthy Work Campaign)

Healthy Work Strategies include workplace policies, programs, contract language, regulations and laws designed to reduce sources of stress at work (work stressors), and to make work and workers healthier. Each report below is a **summary** about how to improve the organization of work to reduce work stressors, such as:

Long work hours, bullying, sexual harassment, discrimination, threats of violence, understaffing, job insecurity, lack of supervisor or coworker support, work-family conflict, job demands, lack of job control, job strain, and "effort-reward imbalance."
