

Notes: The two protagonist they have the same name. That day they are duty together.

Notes: The girl feel embarrassed and erase their name and those hearts

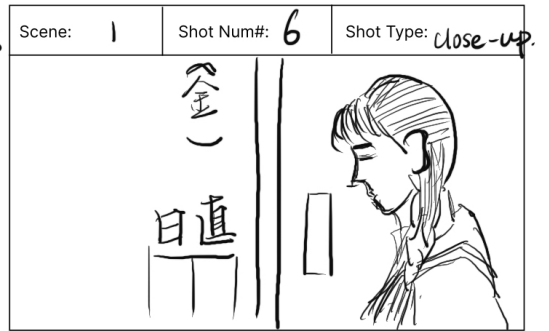

Notes: _____

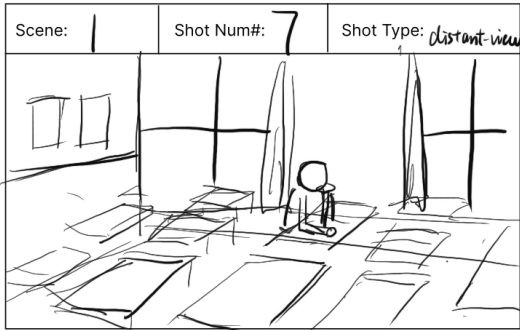

Notes: The girl look at the boy want to say something

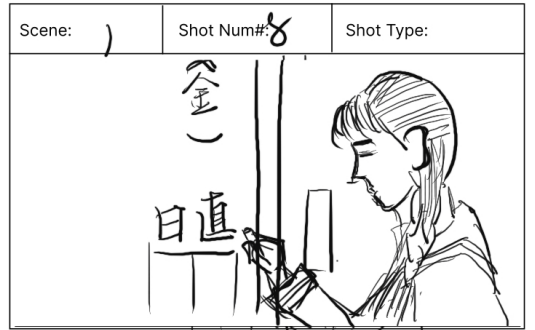

Notes: _____

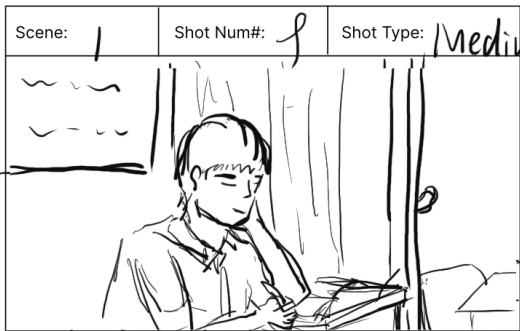

Notes: She asked Who will be on duty tomorrow

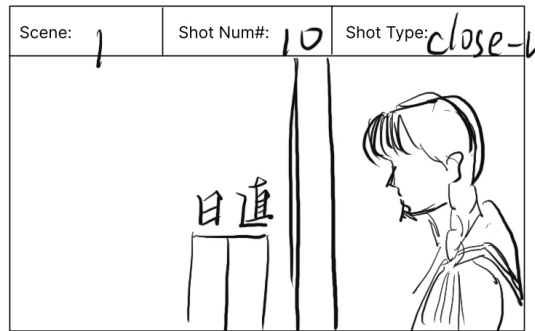

Notes: The boy said two people's name

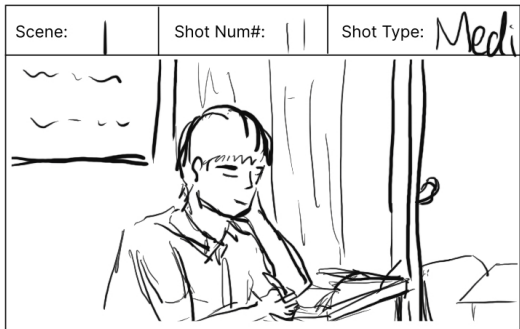

Notes: She write down the two people's name on the black board

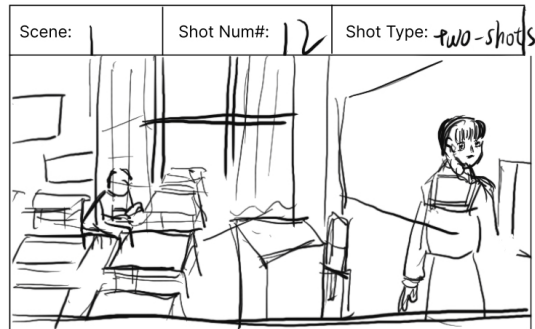

Notes: He is asking the girl what was math taught today

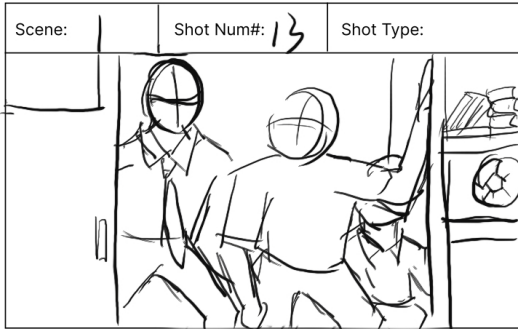

Notes: She replied they learned equation

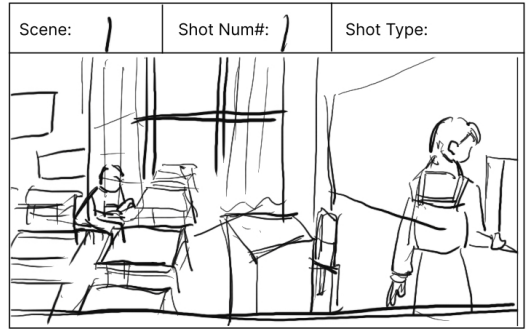

Notes: He asked what kind of equation

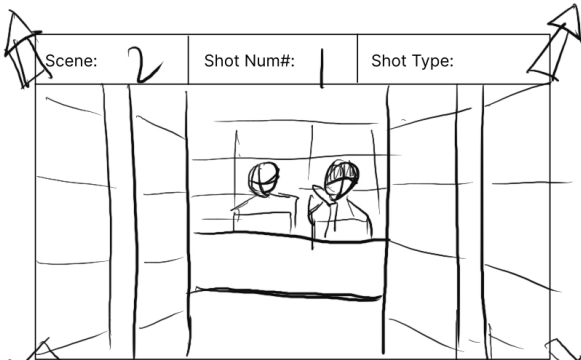

Notes: Someone called their name from outside

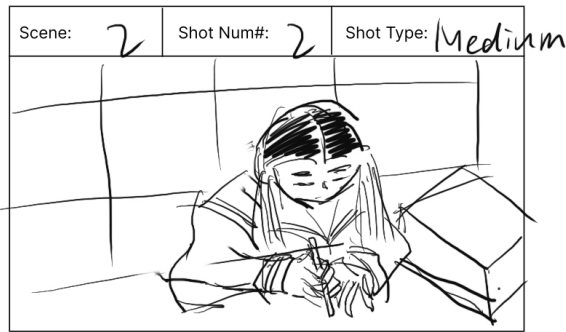

Notes: It's so sweet! And then they run away, and said sorry to interrupt you guys

Notes: They start to do their own thing after those people gone. "Simultaneous equation" the girl replied
The voice over said, she thought things would get better, but they are in the same class for 3 years.

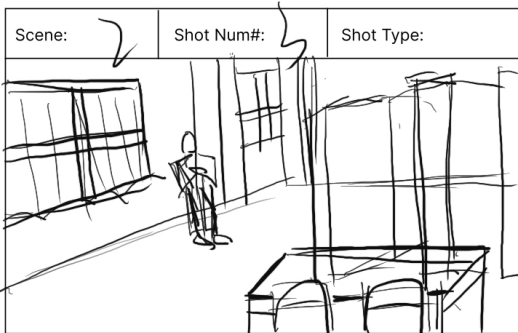

Notes: They were doing part time job in library together.

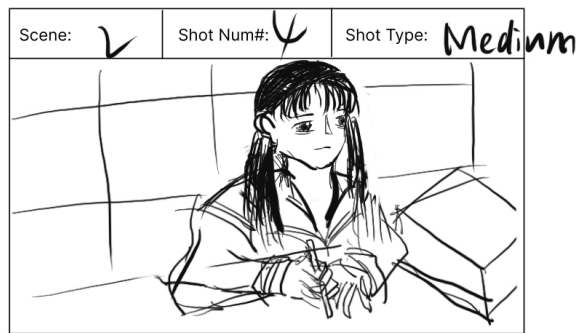

Notes: The voice over (that girl) said the boy never work
And then she look up and called him

U

Notes: The boy standing there and watching a book.

Notes: Can you do this please
