

Quick Navigation Guide:

Getting to the Ability Project, restrooms, vending machines and cafeteria.

NYU

Ability
Project

**Welcome to
the Ability Project**

Main entrance to the building on 370 Jay Street.

To enter, show your daily pass to the security guard. Tap your NYU Card on the right of the turnstiles.

The first and the last turnstiles are wheelchair accessible.

Once passed the security desk, walk straight ahead to the elevator area.
The Ability Project is on the third floor.

The two glass doors are the entrance to the facility.

To enter, tap your card on the NYU Card Reader.

There also is a button that automatically opens the doors.

Walk to the left. The Ability Project is going to be on the right.

Ability Project

The NYU Card Reader is on the right of the glass doors.
Tap your card to open the doors.

Once inside, this is the Ability Project. This room connects the laboratory, office and classroom.

Classroom:

The desks and chairs are on the left of the classroom.

Laboratory:

The tools are along the wall, at the front of the room.

In the middle, there are chairs and two multi-purpose tables.

Restrooms

Ability Project

**Restrooms,
Drinking Fountains and
Refill Station**

To get to the individual restrooms and drinking fountains, turn left and walk down the hallway.

The drinking fountains and bottle refill station are by the restroom doors. Both restrooms are individual stalls and wheelchair accessible.

The second restroom has a changing table.

★ Vending Machines

Vending Machines

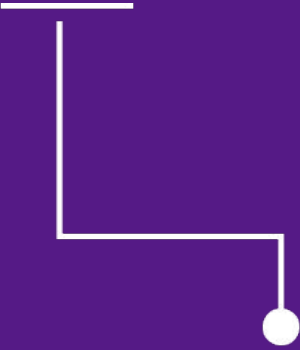

● Ability Project

Vending machines are across from the Ability Project, passing the sofa and down the left hallway.

The vending machines are for cold beverages and snacks.

Ability Project

Cafeteria

The cafeteria is on the second floor, going passed a black mural titled “Café 370”.

The eating and sitting areas are at the far end of the cafeteria.

Thank You!
