

The European Embedded Control Institute

is proud to present the

European PhD Award on Control

for Complex and Heterogeneous Systems 2017

to

Julian BARREIRO-GOMEZ

for his contribution to:

*“The role of population games in the design of optimization-based controllers:
a large-scale insight”*

*Maria Domenica Di Benedetto
President
European Embedded Control Institute*

*Françoise Lamnabhi-Lagarrigue
Award Committee Chair
European Embedded Control Institute*
