Pathway to Student Awareness

Liberal Studies

Mission Statement:

Social justice is to continuously fight for a progressive society. Certainly, we will critique our individual actions as well as the worlds. Discussions, forums, and disagreements are welcome and healthy, but we also encourage members to listen and observe. Ultimately, this will lead us to move with social awareness and empathy, both critical goals for this club. We fight for those who do not have the privilege to speak up for themselves. We aim to highlight the importance of minority voices and preserve experiences. Our objective is to prioritize knowledge of the past and present, so that we may empower the future.
