Ending Muslim Ban

- Trump's Travel Ban
 - In 2017, Trump issued an order that banned travelers from seven majority-Muslim countries from entering the US., but the countries subjected to restrictions have changed over the years.
 - He imposed the Travel Ban(Muslim Ban) through a series of executive orders singling out Iran, Libya, Somalia, Syria and Yemen, triggering criticism that it amounted to unlawful religious discrimination.
- Biden intends to rescind Donald Trump's On travellers from 13 countries, most either majority-Muslim or African nations.
 - "On day one, I'll end Trump's unconstitutional Muslim ban."
 - The bans could be easily undone as they were issued by executive order and presidential proclamation, according to policy experts, but lawsuits from conservatives could delay the process.

Tax Reform

- Individuals with an income over 400K would see a rise in their taxes, including individual taxes, payroll taxes, and capital gain.
- According to the Tax Foundation's General Equilibrium Model, the Biden tax plan would reduce GDP by 1.62 percent over the long term.
- Increases the corporate income tax rate from 21 percent to 28 percent

Education

- Provide grants to school districts to create plans and implement strategies to diversify their schools.
- Double the number of psychologists, counselors, nurses, social workers, and other health professionals
- Help teachers and other educators pay off their student loans.
- Biden will expand community schools, providing this wraparound support for an additional 300,000 students and their families.

Israel-Palestine Conflict

Trump's Middle East Plan: Trump adopted the Israeli position →

- U.S. recognized Israeli settlements to occupy the West Bank & have sovereignty over areas in Judea and Samaria; he left most of the annexed east Jerusalem under Israeli control & moved the US embassy in Israel to Jerusalem.
- Israel is given full security responsibility for the state of Palestine (which will be “fully demilitarized), and control all borders and monitor all crossings. The hundreds of thousands of Palestinian refugees have been forced out of what is now Israel and Trump also stopped all U.S. aid to Palestinians, etc.

Biden Administrations Plans: also pro-Israel →

- “[Biden’s] presidency will not represent a significant departure from the Trump administration’s incendiary approach,” said by Zev Chafets.
- Lots of history with Biden and being pro-Israel. In 2016, the Obama administration signed a ten-year, \$38 billion military funding package with Israel, which Biden plans on continuing.
- Biden promises that he will provide humanitarian aid for the Palestinian people in the West Bank and Gaza, only if they are consistent with the requirements of the Taylor Force Act, which claims that the Palestinian Authority has to end its system of compensation for individuals imprisoned for acts of terrorism/families of deceased terrorists.

BLM/Racism

The Biden Plan for Black America will:

- Advance the economic mobility of African Americans and close the racial wealth and income gaps.
- Expand access to high-quality education and tackle racial inequity in our education system.
- Make far-reaching investments in ending health disparities by race.
- Strengthen America's commitment to justice.
- Make the right to vote and the right to equal protection real for African Americans.
- Address environmental justice.

However:

- When asked at the first 2020 presidential election, he stated that he was not going to defund the police.
- Biden helped kill the most effective policy for improving black educational attainment that America has ever known. (Easily swayed)
- Kamala Harris is responsible for putting may african-american men in prison

Remember:

- To SETTLE for Biden and demand change throughout his presidency.
- Review his policies and hold him accountable for all actions.

Refugees/Immigration Plans

- Ensure that Immigration and Customs Enforcement (ICE) and Customs and Border Protection (CBP) personnel abide by professional standards and are held accountable for inhumane treatment
- Reverse the Trump Administration's policies that separate parents from their children at the borders
- End the mismanagement of the asylum system, which fuels violence and chaos at the border
- Increase U.S. gov't resources to support migrants awaiting assessment of their asylum claims and to the org providing for their needs
- End Trump's asylum policies

- Block federal funds from the Department of Defense being used to build a wall
- Reinstating the DACA Program

How can we hold the
Biden administration
accountable for their
actions and make sure
they uphold what they
are preaching?
