Gaypril 2023

- Watch the Netflix Documentary *Disclosure*. DISCLOSURE is an unprecedented, eye-opening look at transgender depictions in film and television, revealing how Hollywood simultaneously reflects and manufactures our deepest anxieties about gender. Leading trans thinkers and creatives, including Laverne Cox, Lilly Wachowski, Yance Ford, Mj Rodriguez, Jamie Clayton, and Chaz Bono, share their reactions and resistance to some of Hollywood’s most beloved moments. Grappling with films like *A Florida Enchantment* (1914), *Dog Day Afternoon*, *The Crying Game*, and *Boys Don’t Cry*, and with shows like *The Jeffersons*, *The L-Word*, and *Pose*, they trace a history that is at once dehumanizing, yet also evolving, complex, and sometimes humorous. What emerges is a fascinating story of dynamic interplay between trans representation on screen, society’s beliefs, and the reality of trans lives. Reframing familiar scenes and iconic characters in a new light, director Sam Feder invites viewers to confront unexamined assumptions, and shows how what once captured the American imagination now elicit new feelings. DISCLOSURE provokes a startling revolution in how we see and understand trans people.
