908	See previous remarks. I prefer not to waste my benefits on an institution such as yours.
918	Your Title 9 office did nothing after my girlfriend was sexually assaulted.
920	Personally I am very slow therefore all the time I had was just to complete homework and no time for studying.
934	Advising was not helpful
939	The class that I need isn't offered in the fall
970	1) Most of my transfer credits when to my electives, which was incredibly frustrating. 2) I didn't like that once I decided a major to pursue, I really didn't have any freedom to take other classes unless I wanted to graduate late or add a minor to my degree. 3)I really dislike the way Western goes about applying for majors. I was interested in the MACS program and had a friend apply to it with all prereqs with a fantastic GPA and she was told to 'consider a different major.' If I am going to a school for something, I don't want to have to change my entire academic career because they don't have the resources to allow students to actually do the majors they want.
985	I just couldn't find someone in time to oversee my pre-senior thesis. I am trying to return this Winter
1017	OSU was also ranked higher in my major

1075	I have too many credits to switch majors, I've heard it's a very difficult process
1089	Half the professors are unqualified or fit
1090	Not enough online classes
1102	GURs took too much time
1105	The faculty in my department were extremely unprofessional and I felt like my major was unimportant
1139	didn't get financial aid in time, and when i realized i could refister for classes there were none left i could do
1144	no classes for my major were offered
1146	Was feeling burnt out and needed a break. Also more time to formulate plan for self major in Fairhaven.
1181	I got into a nursing program at WCC
1226	Mental health reasons
1231	The courses I needed to graduate weren't offered this quarter
1232	just taking the quarter off, I need to take a class only offered in winter.
