

Preparing for college is quite an involved process and outfitting your students room with all the necessary items can be somewhat of a daunting task. To help you with your preparations we have partnered with SWAK University Services (SWAKU) to establish our own Residence Hall Association (RHA) sponsored room outfitting store at <https://swaku.com/stonybrook-room>.

Our school store is unique in several regards. First, it includes over one thousand products that meet the requirements of our residence hall rooms and suites. That includes everything from bedding, storage, bath, laundry, room tech and furnishings. The bedding products we offer have been sourced from the same manufacturer for the last 10 years and are proven to stand up to the everyday rigors of college life. All our bedding products are guaranteed to fit our Twin-XL beds. Our bedding will not bleed or fray and is guaranteed by SWAKU to last until graduation.

Room Outfitting Bundles

The most popular items in our store continue to be our discounted bundles, which make outfitting your student's room a breeze. There are three bundle levels:

Our Basic Necessities Bundle which is an 8-piece dorm bedding package priced from \$230.

Our Fully Loaded Bundle is a 29-piece dorm outfitting package that includes everything in our Basic Necessities Bundle plus items for bath, storage, laundry & more, priced from \$395.

Our 100% Complete Bundle is a 67-piece dorm outfitting package that includes a comprehensive list of bedding, bath, storage, laundry and room accessories priced from \$625 - absolutely everything their room needs to start their college journey.

With each bundle, you will have the opportunity to choose your Twin-XL comforter, sheet set and mattress topper. There are over 30 comforters you can choose from including reversible, plush and natural loft. You will have over 20 colors of soft microfiber sheet sets to choose from. There are 4 topper options ranging from 2" to 4" in thickness, several of which are memory foam.

On-Campus Pickup

Outfitting a student's room involves collecting a lot of items. Some of those items will be bulky like comforters, mattress toppers, floor pillows, etc. A major advantage with our Room Outfitting program is the ability to send you order directly to campus at no additional charge. Everything sent to campus will be labeled with your student's information and available for pick-up (with student ID) during our move-in period. We are the only Stony Brook organization offering this service and most of our parents choose the convenience of this option.

You also have the option to send your order home for a flat fee of just \$11.95. The biggest advantage of home delivery is it will allow you to wash all your bedding in advance.

We don't recommend waiting until you arrive on campus to purchase your student's room essentials. That is especially true for any bedding-related items as the selection in our local stores may be limited by that time.

Order Deadline

The deadline to order is July 29th, but order early for the best selection of linens and other popular products. For a complete list of what to bring please visit https://www.stonybrook.edu/commcms/studentaffairs/res/_pdf/Res%20Hall%20Check%20List.pdf.

Our room outfitting program is a service to our parents and students and a fundraiser for our organization. If you have questions, you can text 833-673-9047 for the fastest response, or you can email service@swaku.com.

Thank you for your support.
